Dear Hotel Owner:

We have enjoyed our working relationship with Todd Strumpfer and Cost Segregation Services (CSSI). They have completed Cost Seg Studies on 3 of our hotels so far. These Studies have saved us over \$250,000 in taxes. This is money that we are able to put right back into building our group of hotels.

CSSI has also done a great job working with our CPA on these projects.

If you're considering using CSSI, you will not be disappointed. I'm sure we'll be working with them again in the future.

Thank you,

Gary Singh
