

The RGI Group

Dear Building Owner:

We had a very positive experience working with Todd Strumpfer and Cost Segregation Services, Inc. (CSSI). CSSI did Cost Segregation Studies on two hotels for us. Their Studies provided significant tax savings. The process was easy and when the Studies were complete, CSSI worked with our tax professionals to get the results applied to our taxes.

I would not hesitate to use CSSI again in the future and I have already recommended their services to other building owners.

Sincerely,

A handwritten signature in blue ink that reads "Edward P. Pompeian".
