March 22, 2016

We worked with Todd Strumpfer and Cost Segregation Services, Inc. to get Cost Segregation Studies done on several of our properties. The buildings they worked on included an office building, a warehouse, an apartment building, and two hotels. The total tax benefit to our company was around \$850,000.

They were professional and did a great job for us. If you are considering getting a Cost Segregation Study, I highly recommend CSSI.

Sincerely,

Hilda Buckle
